EXCELLENT CURRICULUM!

Patriot course books are carefully selected from Biblically conservative, professional authors who have written on a focused subject. Courses present and expound on the absolute truth of the Bible - not humanistic reasoning or higher criticism.

Patriot's unique curriculum is **reading-based, self-directed, self-paced, and portable**. Students do not sit through taped lectures while writing pages of notes and taking multiple 'guess' tests. Students are not required to participate in online chats and forums.

- Study the **Life** of David or **Prophecy** in the Book of Daniel or Lessons in **Faith & Leadership** found in Joshua.
- **Go deeper** in the Gospels and Doctrinal Theology, Angelology, Pneumatology, and Hearing from God.
- Learn how to **Teach** for Life Change and **Counsel** from a Biblical Christian Counseling platform.
- **Improve** your pastoral **ministry** with Servant Leadership and Power-Filled Living.
- **Update** your historical **knowledge** with America—Christian Nation or Not?
